To Whom It May Concern:

Randy Manning of "Jest For Fun" has been performing at the Lodge at Grant's Trail for almost two years. He does both private and shows that are open to the public and every one of these shows are a hit. I have had the opportunity to see all the shows and I really can't find a favorite. I never get tired of seeing each show. But more to the point, our guests have such a great time. They laugh so hard and they all take such a terrific experience home with them. They all vow to come back and most of them do. Whether they choose to participate (participation is not mandatory) they all become spontaneous entertainers.

Randy is such a professional. He is able to read the crowd and does what it takes to make the evening a blast. The shows are never offensive, just pure entertainment. Randy is equally a very nice man. He is easy to work with because he genuinely enjoys what he is doing and wants everyone to enjoy it too.

Our Mystery Dinners are almost always a "sell out" weeks in advance. The word is out, Randy Manning and the crew from "Jest For Fun" are the greatest. They all come highly recommended from the Lodge at Grant's Trail. Call us and see for yourself.

Yours truly,
